CABINET REVIEWS WILSON REJOINDER TO GERMANY TODAY

MADE FEW MINOR CHANGES—U. S. NOTE GOES FORWARD WEDNESDAY

PROMISES HAVE LITTLE EFFECT

Germany's Promise To Pay For Damage to American Ships Makes No Change

(Associated Press)

Washington, June 8—President Wilson today announced that his note to Germany was about finished and that it would go forward shortly, probably after it is reviewed at today's cabinet meeting. The general character of the document has not been modified Wilson said, and he added that no one has held it up.

The cabinet was in session an hour before the arrival of Secretary Bryan who had been in consultation with Counselor Lansing of the State Department.

Note Satisfactory.

Germany's offer to pay for the attack on the Gulflight and her request for further information concerning the dropping of bombs on the Cushing was referred to by President Wilson as not being unsatisfactory.

These cases, however, will not affect the main principles of the note, that Americans on unarmed ships of every nationality be transferred safely before the prize is destroyed.

MADE SLIGHT CHANGES

Only a few slight changes were made in the note by the cabinet. Following the meeting Secretary Tumulty, at the direction of the President announced that the note would probably go forward tomorrow. After a meeting with Bryan, Wilson went to luncheon with other members.

—

Washington, June 8.—A cabinet crisis has arisen over the note to Germany.

That an acute difference of opinion existed between the members of the cabinet over the terms of the note became known definitely when Secretary Bryan went to the White House and, after a talk with the president, took the note back to the state department to couch it in the phraseology which he thought should be employed.

The note, as originally phrased by the president and as revised by Secretary Bryan with the assistance of Counselor Lansing, will be considered by the full cabinet today and a decision reached on its final terms.

Bryan Would Include Britain.

Another and a most important question to be considered by the cabinet will be whether it is advisable for the United States to send a firm note to Great Britain demanding all rights of American commerce under international law at the same time that the note to Germany is forwarded.

Secretary Bryan is of the opinion that this should be done.

The condition of King Constantine is very grave.

ITALIANS PROGRESS

Rome states that the Italians are making methodical progress along the frontier, taking important positions. The Austrians are apparently postponing the decisive battle which is expected soon.

BOTH CLAIM VICTORY

A striking German victory has been won in the Baltic provinces of Russia, Berlin says. Petrograd also claims a victory in this campaign, declaring that the fighting for the control of Dubysa River was so deadly that the stream was choked with the bodies of the dead.

ALLIES REPULSED

A Berlin news agency says the Turks repulsed British attacks at Seddul Bahr and that thousands of dead Englishmen covered the fields. The foregoing evidently refers to the engagement announced at Constantinople Sunday. Another dispatch to the same agency says that travelers report 40,000 wounded British soldiers at Alexandria, Egypt.

VILLA IS READY TO MEET CARRANZA TO CONSIDER MESSAGE

PRESIDENT WILSON'S NOTE IS BRINGING RESULTS —OFFICIALS OPTIMISTIC

CONFIRM OBERGON'S VICTORY

Consul Silliman Wires Information—Reported Gen. Obregon Lost Right Arm

(Associated Press)

Washington, June 8— Announcement was made last night by Villa's secretary that the northern leader was ready to meet Carranza in conference to consider President Wilson's note. This is considered by officials here to be the most important Mexican development since the President's statement.

CAPTURED TUXPAM

Villa forces captured Tuxpam Sunday; one British subject being killed and four beng wounded while seeking cover during the figthing.

Consul Silliman reports from Vera Cruz that Obregon's victory over the Villa forces at Leon is apparently confirmed and that it is reported Obregon lost his right arm in the fighting.

Obregon is a dispatch to the Carranza agency at Washington, approximates Villa's dead, wounded and captuured at Leon at 10,000. He makes no mention of injury to himself.

—

Washington, June 8.—A reply from Carranza to President Wilson's note of warning to the Mexican leaders will be received at the Carranza agency in this city today. The expectation here is that Carranza in his reply will attempt to pave the way for a formal application for recognition by the Washington government. It is understood to be the purpose of Carranza to move forward as rapidly as possible in the next few weeks, reoccupying Mexico City and in other ways give evidence that he has attained a control that entitles him to recognition. Officials of the Carranza agency say that upon the occupation of Mexico City by Carranza forces, the populace will be fed and relief extended to non-combatants in other sections of the republic.

The administration has not yet come to a conclusion that forecloses the possibility of recognizing Carranza. The president has in fact, selected no one for recognition and it will be up to Carranza in any event to show that his control is as widespread as has been represented.

Villa Star About Set.

Official advices received here tend to support the claims of the Carranzistas that Villa's star is waning and that he cannot long maintain himself as a factor in the situation. Carranza officials in Washington insist that Villa is short of funds and ammunition, and that his recent attempt to open communications with Carranza

HOUSE GIVES U. OF I. $5,000,000

Similar Bill Has Already Passed Senate for State School.

(Associated Press)

Springfield, Ill., June 8—The $5,000,000 appropriation for the University of Illinois passed the house 94 to 0. The bill had already passed the senate. Ashton Chautauqua, July 18 Will Be One of Great Merit

Ashton's Community Chautauqua will open Friday, June 18, and the talent offered is equal to anything on the lyceum platform. Two sessions will be held daily, and the biggest feature of all is the famous Kilties band. This band is a nineteen piece organization appearing in full kilts and plaids on Monday, June 21.

Montanelli's Venetian Quartet composed of native born Italians, will be the attraction of the first day. The Winifred Townsend Concert company and Congressman M. Clyde Kelly will give the program on Sunday, June 20. The chautauqua closes on the 22nd with the Stratford Opera Co. and on the evening of the closing day will give a two part program, presenting portions of "The Mikado" in costume.

Among the lecturers there will appear Silas E. Persons, Dr. E. G. Shouse, Frederick M. Marston and George H. Spencer. There will also be numerous readers and soloists, which will add variety to the program.

This is Ashton's first experience in the chautauqua field, but from June 18 to 22 inclusive, they will present a very fine lot of talent. The ticket sale has been very large and a person attending only a part of the numbers will profit by purchasing season tickets which sell for $1.50 adults and 75 cents for children.

Hundred Autos Will Tour Country Advertising Big Fete

One hundred automobiles, each laden with boosters for Dixon's monster Fourth of July celebration, which will be held Monday, July 5, will leave Dixon next Tuesday to visit every city, town, village and hamlet within a radius of a hundred miles, to acquaint everyone within that territory that the best city in northern Illinois is again going to entertain.

At a meeting of the advertising committee Monday evening plans were made for advertising the great celebration more extensively than ever before, and when the machines leave Dixon next week they will carry a huge amount of varied advertising matter, telling in detail of the events which Dixon promises—and the thousands who were here at the celebration two years ago know that Dixon gives what she promises. This year will be no exception and the committee in charge guarantees that everything advertised will be given at the time and place indicated by the program.

Announcement of some sensational attractions may be expected within a few days. Chairman Miller has assumed a most mysterious manner—but those who know him say he's got something big up his sleeve—and he's promised to tell all about it this week.

West Pocket Essays By GEORGE FITCH

AMERICAN UNIVERSITIES—CHICAGO.

The University of Chicago is an illustration of what America can do in a hurry when she sets her mind to it.

Twenty-five years ago this nuiversity consisted of an aged building, an extinct student body and a rate of progress which made a snail look like a joy rider. About that time John D. Rockefeller decided to oil up the insituation and presented it with a corn crib full of securities and William Rainey Harper and Amos Alonzo Stagg.

This was a master stroke. The money wouldn't have been worth much without Dr. Harper and Dr. Harper would have had a hard time diverting the attention of the college freshmen from Yale and Harvard without Stagg The $10,000,000 built a fine collection of improved Gothic college buildings, Dr. Harper organized a great faculty and series of schools and Stagg turned out champion football teams with monstrous persistency. Within ten years the University of Chicago was so big that other western schools were asking it to pick on something of its size; and it has been growing ever since.

Rockefeller kept on shipping so much money out to the institution that the freight rates on it were a heavy expense and many other Chicago people died patriotically and left fortunes to it. It now has a magnificent collection of buildings built on the quadrangle plan and facing the Midway Plaisance, which has quieted down a good deal since the World's Fair. It has about $39,000,000 in endowment, a library of half a million volumes and about 3,700 students, including many of the most talented kickers, plungers and jumpers in the country.

Chicago is the only great American university built after a uniform plan of architecture and will be handsomer than Oxford some day when the tooth of time has nibbled at its buildings for a century or so. It is possible for the student at Chicago to spend 100 years in post graduate courses if he has time; and it is also possible for him to array himself in a maroon flag and a loud yell and watch his team take bites out of Wisconsin, Cornell and other prominent institutions of learning and exercise. The old football games between Michigan and Chicago were the greatest games in the west and the long peace which has existed between these two institutions is almost as deeply regretted as the lack of peace in Europe.

ASHTON

Ashton, June 7—Rev. Schultze, the presiding elder, held quarterly conference at the Ashton United Evangelical church last evening. In the morning a service was held at the Bradford church.

Children's day was observed at the Presbyterian church last evening. The church was filled and many stood up to hear the children. The Sunday School Orchestra was a feature of the entertainment. Miss Nita Sunday of Franklin Grove rendered a solo with violin accompaniment. Kyle Mac Wherter of Decatur also sang a solo. Most important of all were the children as they spoke their recitations and dialogues. A very good collection was received. This will start a mission Sunday school in the west.

The Naperville Quartet from Naperville college gave a concert in the high school auditorium Friday evening. A good sized audience was present.

Mr. and Mrs. Francis Horn and children of DeKalb were visitors yesterday at the home of Mr. and Mrs. George Stephan.

Friday evening, June 11, is the evening of the high school alumni reception. This reception will be in honor of the graduating class. This year the class consists of but three members, Henry Stephan, Luella Schafer and Alma Mall. The Smith orchestra of Dixon has been engaged to furnish music. It is hoped that all alumni will be loyal to their old high school.

The ticket committee of the community chautauqua has been busy the past few days. The chautauqua will soon be here, as it begins a week from Friday, June 18th, and lasts for five days. It is to be held in the vacant space between the residence of Conrad Smith and that of Lyman Wright and a large tent will be erected for the occasion. A very fine program has been secured. On Monday will be the greatest attraction, the Kilties band. The members of the band are Scotch-Canadians and they have toured the world. They will give two concerts on Monday.

Angler Bros.' circus will make its annual appearance in Ashton Friday night of this week.

Miss Gertrude Richardson will be graduated from Guerton School for girls at Winetka on Thursday of this week. Miss Marjorie Griffith will be a graduate of the Cornell Academy, Mt. Vernon, on June 15th, and Miss Mildred Griffith will complete her four year course and receive an A. B. at Illinois University on June 16th.

Dr. and Mrs. Bremmer with Mrs. Katherine Meister motored to Dixon yesterday to be guests of their daughter, Mrs. John Esterheld.

Mr. and Mrs. O. W. Griffith and daughters Mary and Myra visited at Lowell park Thursday on the way to Woosung.

Mrs. Friend Smith with Orville and Ethel visited her father, Jacob Wagner in Dixon, Friday.

Stanwood J. Griffith returned home from Illinois University this morning where he has been attending agricultural college.

The community picnic will be held as planned tomorrow unless rain interferes. If so, it will be held Thursday. Everyone is planning on being present with a good dinner basket. The music furnished by the bands will be very entertaining.

At the Gazette book store window is a display of the prizes to be given away for the winners of the races. The races are to begin promptly at 9 in the morning. The picnic is to be held at Hunt's Grove and all the surrounding country is welcome to be present.

RUSS FORCES FACE LOSS OF LEMBERG

Teutonic Armies Menace Galician Capital on Two Sides.

London, June 8.—Lemberg, capital of the Austro-Hungarian crown land of Galicia, which has been in the hands of the Russian forces since last September, is in imminent danger of being taken by the Austro-German forces.

Two Teutonic armies are converging toward Lemberg, one from the direction of Przemysl, on the west, and the other from the direction of Styrj, on the south. These forces are hammering the Russian positions along the Wusznia and Stryj and Dinester rivers with relentless energy.

Official dispatches say the Russians have been driven back toward Wisznia, northeast of Mosciska and northwest of Grodek, within only ten or fifteen miles of the City of Lemberg. All along the 200-mile battle line in Calicia the Russians have been rolled back, so that now the Austro-German forces form almost a semicircle around Lemberg.

SEE MANY CIVIL PRISONERS

Wounded Are Also Sent Through Lausanna, Home of Writer of the Letter.

Dr. T. O. Edgar of this city has received a letter from a friend now living at Lausanna, Switzerland, which is replete with interesting stories of the war, the following being a sample:

For a week the very seriously wounded French soldiers have been passing through Lausame at 3 o'clock each night and at 2:40 in the afternoon come the trains of civil prisoners—mostly women, children and old men. In order to economize on food the Germans are getting rid of all who will not be dangerous to them.

People have been crowding into the station to welcome the released prisoners and to give them clothes, food, chocolates, cigarettes, etc. The newspapers state today that in yesterday's train were 600 children under four years of age.

This passing of the prisoners is the first taste of war we, in this part of Switzerland, have had.

I must tell you of a letter Mr. L., the professor from Bryn Mawr, received recently from a friend. It was written by an English soldier to his brother in Magdalene College, Oxford. This young soldier wrote: "The French and English do not understand each other very well. Of course the only languages the English speak are English and Hindustani; they always speak Hindustani to the French and are quite surprised that they do not understand. Not very long ago they prepared for a sally on the Germans in the dead of night. They were progressing silently, noiselessly with greased wheels, when they were joined by the French who came buzzing and jabbering. As the English feared, this instantly betrayed their position to the Germans who opened fire on them and fairly decimated them. The English retreated sullenly, and the French madly. When about four miles away the commander of the French sought to re-inspire his men. He pleaded with them, he implored them with tears, he read pages of French history to them. Finally they became enthusiastic. Nothing could stop them They went back at the Germans with such fury and fire that the Germans were completely routed. After the battle the French commander sought out the English commander and for very joy threw his arms about his neck and kissed him, weeping at the same time. The Englishman, who was a true Briton, was embarrassed, and throwing off the Frenchman, could only exclaim: 'G— d— it, Sir, compose yourself.'"

This is a true account—very typical, I thought.

TWO BIG CONTESTS FOR OUR CELEBRATION

STERLING AND DIXON TO LMEET MORNING AND AFTERNOON OF JULY 5TH.

The Sterling West Ends and Dixon teams will meet in two games at Lincoln park Monday, July 5th in connection with the big celebration being arranged for that day, and the fans will be given some real stuff then for Sterling is stronger this year than in several seasons past and Paddock and Maynard's pitching will make the locals go the limit.

Improvements at Park.

The baseball association will make several improvements at the park this week. The roof of the grand stand is to be covered with prepared roofing and a new concession stand will be erected, while the big awning will be hung at the west end of the stand.

DIXON-COMPTON GAME TOMORROW AFTERNOON

POSTPONED CONTEST WILL BE STAGED AT LINCOLN PARK AT 3 P. M.

The Dixon-Compton high school baseball game, which was to have been played yesterday, will be staged at Lincoln park tomorrow afternoon at 3 o'clock and the high school fans are anticipating a great game. Compton is claiming the county championship by virtue of its defeat of every team in the county; but the Dixon lads hold that the 12 to 2 victory won by Compton over Lennox' lads early in the season was over a team that had not yet struck its stride, and they promise a surprise party tomorrow.

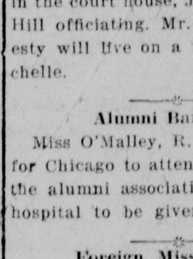
WELL-KNOWN ILLINOIS WOMAN SPEAKS.

A BOON TO WOMANKIND.



Carbondale, Ill.—"I consider Dr. Pierce's Favorite Prescription a great boon to womankind for female weakness and constipation, also for inflammation of the bladder and organs, for which I have been greatly benefitted."—Mrs. L. W. Miller, 308 Pecan St., Carbondale, Ill.

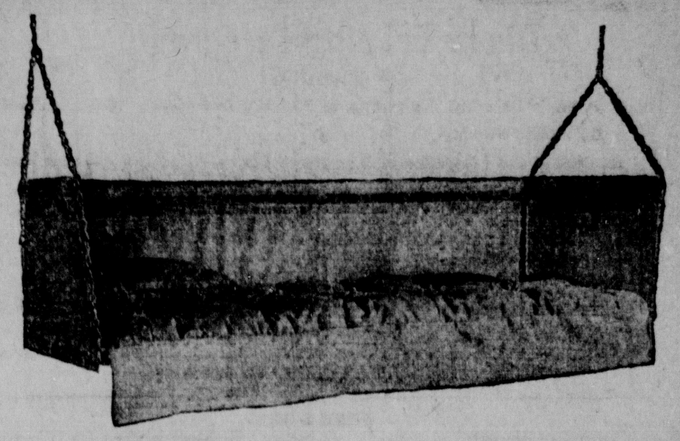
When a girl becomes a woman, when a woman becomes a mother, when a woman passes through the changes of middle life, are the three periods of life when health and strength are most needed to withstand the pain and distress often caused by severe organic disturbances.

At these critical times women are best fortified by the use of Dr. Pierce's Favorite Prescription, an old remedy of proved worth that keeps the entire female system perfectly regulated and in excellent condition.

Mothers, if your daughters are weak, lack ambition, are troubled with headaches, lassitude and are pale and sickly, Dr. Pierce's Favorite Prescription is just what they need to surely bring the bloom of health to their checks and make them strong and healthy.

For all diseases peculiar to women, Dr. Pierce's Favorite Prescription is a powerful restorative. During the last 40 years it has banished from the lives of tens of thousands of women the pain, worry, misery and distress caused by irregularities and diseases of a feminine character.

Dr. Pierce's Pleasant Pellets are the original little Liver Pills. Tiny, sugar-coated, anti-bilious granules—the smallest and the easiest to take.



SWINGING ON A GRAPE VINE SWING

Is not One, Two, Three, with swinging in a nice "Rest Easy" Porch Swing such as we are showing.

Of course the Grape-Vine Swing had its charm, but with a strong Steel Frame "Rest Easy" Swing you can "just let go" of yourself and rest and relax, read or snooze, lounge or sit up straight, and too, they are a very classy looking piece of furniture for the Porch, and the Porch just now is the most important room of the home.

We are showing besides the "Rest Easy" Swing, a lot of Wood Swings and among them is the "Self-Reclining" Swing. This is a new invention and is unquestionably the best invention of the age in a Wood Swing for the porch.

It is a pleasure to us to show you these summer luxuries, and of course a great pleasure to you to own one. Why not come in and have a look through our Porch Goods Department. They're Here now for you to see.

A COSTLY TARIFF JOKE.

One of Mr. Underwood's pet amendments to the tariff bill was a provision for a 5 per cent rebate on all duties imposed on merchandise imported in vessels of American register, says the Chicago Evening Post.

The idea, of course, was to encourage American merchant shipping by an indirect subsidy, but Mr. Underwood and those members of the house whom he induced to vote for it overlooked the rather important fact that the privilege thus conferred conflicted with the "favored nation" clauses in many of our treaties with foreign countries.

The senate was quick to see the conflict, and, acting in its role as defender of America's good faith in foreign relations, tacked on a further amendment to the effect that the rebate section of the tariff bill should not be construed as abrogating or impairing any existing treaties with foreign countries. And so the bill passed.

Now, what are consequences? The Court of Customs Appeals hold that if the rebate is granted on goods imported in American bottoms it must be granted on goods imported in bottoms of "favored nation" register. This includes ships belonging to Great Britain, Sweden, Norway, Holland, Italy and Germany, among other countries. But the treasury department has allowed the rebates in the case of American vessels, so under the ruling of the court it must now return 5 per cent of the duties on goods imported in the ships of the other countries named, which will amount, on rough estimate, to $20,000,000.

In these days of depleted revenues $20,000,000 is no small sum. There is talk in Washington of a serious deficit without allowing for this sudden lump subtraction, and the continued 5 per cent cut that must be granted until this foolish legislation is repealed.

The supreme court will be called upon for a ruling, and if it sustains the decision of the lower court a special session of congress—in itself a costly affair—may be necessary in order to save the situation. It is just one more democratic blunder for which an accounting will have to be given at the next election.

REARING CHILDREN.

An anxious contemporary is worried over the question whether the east "does not lose much of human naturalness and gentleness through the differences which external circumstances breed in its children." Some of the little dears are bred up rolling in millions, while others count themselves lucky if they do not starve to death before they have lived out half their days. Pursuing their life paths through scenes so different, it could hardly be expected that these classes should feel a great deal of sympathy for each other.

The paper from which we have quoted thinks that matters are on quite another footing in the west. In that Arcadian region all children live and play on the same level. There are no distinctions of money or class. Everybody is everybody else's equal and all are gay and happy. It is a pity to mar such a lovely illusion, but fidelity to truth permits the same barriers between human beings in one part of the world as in another. Children who have the advantage of wealth and nurture attained to healthy, happy and successful lives in the west just as in the east. Those who have not these advantages may attain to eminence, but it is at a fearful cost and the chances are heavy that they will fail.

The old superstition that poverty aids in the struggle for success is no better than other superstitions and perhaps a little more pernicious than some.—Portland Oregonian.

LEE COUNTY DID HER SHARE.

Lee county did its share toward sending Judge Cartwright back to the supreme bench, and its voters may well be proud of the work they did at yesterday's election, for their help was needed and is appreciated.

Mr. Plain, the Aurora candidate, did not accomplish much in his campaign, but in some quarters he put up considerable of a fight. There was a Plain organization in Lee county, particularly in Dixon, and in this city at least there were automobiles and workers for Plain throughout the day.

Chairman Harry Warner of the Lee County Republican Central committee, deserves a great deal of commendation for his speedy organization of his county forces and the vim and snap with which the work was put on all over the county yesterday. The election did not hold a great deal of interest for the average citizen and it was a difficult matter to get the vote out.

It would have been a great shame to this district had Judge Cartwright been defeated, and Lee county feels a satisfaction in knowing she did her duty.

A POLITICAL BLUNDER.

The wet interests of this supreme judicial district did not do themselves very proud when they tried to defeat one of the ablest jurists in Illinois, James W. Cartwright, at yesterday's election. It is a dishonor to any organization to let such influences as the wet and dry or religious bigotry creep into a judicial election and the grounds upon which the opposition to Judge Cartwright based its fight were hardly a credit to the leaders of that faction. Those interests have lost friends for themselves by mixing into such an affair, and they have gained nothing but defeat.

Don't forget the races at Amboy Saturday, July 3rd, and then don't forget the big Fourth of July celebration at Dixon on Monday, July 5th. You'll have the time of your life at both places.

Why don't some designer of men's clothing get up a style of men's trousers with full pockets. It would be popular.

It took South Dixon township to do things up brown at the election. South Dixon did not have a single vote for Plain.

In the Spring the young man's fancy lightly turns to automobiles, fishing, and almost anything but work.

They say a fish was found near Nassua that resembled an American flag. Under the circumstances, we don't blame the fish, when he has to swim around among a lot of hostile submarines.

CHEER UP TALK.

"Yes, things are bully," says Willyum Woolly, who runs the ginseng store; "we keep things moving, and trade's improving, and no one should feel sore. I tell no hoary and whiskered story about my business cares, for I'm kept skipping—I've just been shipping three gross of Belgian hares. I know some dealers are chronic squealers, they grieve and grunt and groan, and people shopping don't like such yawping—they've troubles of their own. They bring their money to one whose sunny and hopeful line of bunk inspires the hearer, so I get nearer the buyer's hard earned plunk. Persuaded fully," says Colonel Woolly, "that sour things draw no flies, I keep on grinning in manner winning, and find the scheme is wise. We smile and rustle, the watchword's 'hustle' around this moral coop, and trade is humming; the folks keep coming to buy my birds' nest soup." There's naught, I'm guessing, much more distressing, than Grouchy Merchant's place, where clerks and bosses seem total losses, with tears on every face. What though your trouble be thick as stubbles when harvesting is done? Be cheerful liars when earnest buyers come in to blow their mon.

COMMANDMENTS OF THE ROAD

The National Council of Industrial Safety has presented these rules for automobilists. They should be respected by everyone who drives an automobile and everyone who bestrides a motorcycle.

First—Be considerate.

Second—Go slow; first, passing children; second, passing vehicles; third, approaching crossings; foruth, turning corners.

Third—Stop, first, at railroad crossings; second, behind standing street cars.

Fourth—Use chain on slippery pavements.

Fifth—When in doubt go slow or stop.

The National Council asks all automobilists to obey to the letter these ten commandments of the road:

Do not run fast into or across main highways.

Don't take blind curves too fast.

Don't run on the wrong side of the road.

Don't pass street cars when passengers are boarding or leaving.

Don't fail to sound your horn before passing other vehicles.

Don't forget that a car or a person may be just around the turn.

Don't forget that the other fellow may be dull, reckless or drunk.

Don't fail to look out for pedestrians.

Don't forget that children dash suddenly and unexpectedly.

Don't take chances. That's the simple embracing rule.

Lady Baltimore Cake

The Most Popular Cake This Season

By Mrs. Janet McKenzie Hill, Editor of the Boston Cooking School Magazine

This is considered by many cooking authorities the finest cake that can be made, though in reality it is not at all difficult.

K C Lady Baltimore Cake

One cup butter; 2 cups granulated sugar; 1 cup milk; 1 teaspoonful rose water; 3½ cups flour; 3 level teaspoonfuls K C Baking Powder; whites of 6 eggs, beaten dry.

Cream the butter and beat in the sugar gradually. Sift together, three times, the flour and baking powder, and add to the butter and sugar, alternately with the milk and rose water. Lastly, add the egg whites. Bake in three-layer cake pans. Put the layers together with the following frosting.

NOTE—The cake is a large one and sells at Women's Exchanges for $1.50. 32

Frosting for Lady Baltimore Cake

Three cups granulated sugar; 1 cup boiling water; whites of 3 eggs; 1 cup chopped raisins; 1 cup chopped nut-meats; 5 figs cut in thin slices.

Stir the sugar and water until the sugar is dissolved, then let boil without stirring until the syrup from a spoon will spin a long thread; pour upon the whites of the eggs, beaten dry, beating constantly meanwhile. Continue the beating until the frosting is cold; add the fruit and spread upon the cake.

CABINET DIVIDED ON GERMAN NOTE

Cryan Favors Strong Stand in British Controversy.

MAJORITY IS OPPOSED TO HIM

Continued from Page 1

It is learned that Secretary Bryan prepared such a note at the time the first note was sent to Germany and had then urged that the issues between the two nations and the United States be made synchronously. The president and the cabinet disagreed with Secretary Bryan and decided that the issues should be made separately.

Insists on His Note.

Since then Mr. Bryan has urged repeatedly that the note which he had prepared, protesting against Great Britain's infringements on the rights of American commerce, should be forwarded, but he had not succeeded in obtaining the authority of the president and the cabinet to send it.

It is understood that Secretary Bryan did not fully approve of the length to which the president went in his "strict accountability" note to Germany. The secretary, it is stated, would have confined the American protest to the unlawful action of Germany in taking the lives of American citizens traveling the high seas upon an unarmed vessel, with a demand for reparation for the loss of those lives and an assurance that Germany would commit no further unlawful acts imperiling the safety of Americans.

President Wilson's note went further than that.

Bryan to Spring Alternative.

It is said that Secretary Bryan, in case the cabinet rejects his moderation of demand on Germany will insist on a firm note being sent at the same time to Great Britain.

Proved His Case.

A teacher was holding an oral examination in an intermediate geography class one day and asked, "What is the difference between the people of a state and those of a territory?"

Only one hand was raised. But a radiant smile illuminated the face of little Donald as he rose and said, "The people of a territory cannot sing."

This answer was puzzling to all, so the teacher asked him to explain. Whereupon he said:

"The geography says that the people of a territory have no voice, so how could they sing?"—Cleveland Leader.

Making It Clear to Him.

He (bitterly)—Before we were married you never found my social deficiencies so annoying. She (sweetly)—Perhaps not, but you must allow something for the broadening influence of time. The very fact that I married you revealed my own callow inexperience.—Richmond Times-Dispatch.

To Help Him Meet the Cost.

"So you are contemplating marriage?"

"That's what!"

"Have you paused to consider the high cost of living?"

"Nary pause. I considered it on the way to propose and then I put on more speed. Her father has money."—Houston Post.

Its Complaint.

One day small Sadie was watching the lid of the teakettle rise and fall, emitting at the same time tiny puffs of steam. Finally she said: "Mamma, you'd better call in the doctor. The teakettle's got the asthma."—Chicago News.

NETS CAPTURE 4 SUBMARINES

German Submersibles Reported Taken on Scottish Coast.

RAID UP TAY IS DISASTROUS

Germans Defeated at Many Points in France and Flanders—Automobiles Carry Reinforcements Distance of Fifty Miles to Stem Tide—2,000 Are Killed.

New York, June 8.—Four German submarines were captured in the Firth of Tay, east coast of Scotland, in a recent raid, according to officers of the liner Cameronia, from Glasgow. These craft made a raid up the Firth, passed under Tay bridge, the longest in the world, and were caught on their return in nets spread by the port authorities. The submarines were kept entangled sixty-two hours, after which they were allowed to come up. The crews were exhausted, and surrendered immediately.

Paris, June 8.—Automobiles were used by the Germans to bring reinforcements a distance of fifty miles in a futile desperate effort to retake the two lines of trenches captured by the French north of the Aisne. A furious counter attack was repulsed, after which 2,000 German dead were left on the field and 250 prisoners and six machine guns were captured.

Near Arras and Soissons the Germans are concentrating their attacks to break the enemy's lines.

The French have driven the Germans back about 100 meters in the wood south of La Ville au Bots. In Champagne German troops brought up from their second line to the first were routed by French artillery.

The German trenches at Vanquois were sprinkled with burning liquid.

French Capture Guns.

Three "77" German guns which were captured by French troops were destroyed with melynite.

The French have met with success in their attacks to the southeast of Hebuterne, where the German lines were taken by assault, with 400 prisoners. Several hundred German dead remained on the field.

The investment of the German position at Neuville is being continued.

Italians in Forty-Mile Drive.

Udina, June 8.—A general Italian advance is taking place across the Isonzo river from Caporetto to the sea, a distance of about forty miles.

The movement is one of importance, and hard fighting is taking place at Gradisco, and in the vicinity of Udine.

Masses of Italian troops have been concentrated on the roads from Cormons, Palmanova and Cervignano.

The resistance of the Austrians is daily becoming stronger. This, Italian staff officers declare, has had the effect of making their men more determined.

Tolmino, on the east side of the Isonzo, is one of the Italians objectives.

British Ship Torpedoed.

Queenstown, June 8.—German submarines are again operating off the Irish coast near the spot where the Lusitania wa ssunk. The crew of the British bark Sunlight, torpedoed off Kinsale, was landed here.

The Sunlight was en route from the West Indies to English ports with a cargo of sugar. She was a steel sailing ship of 1,433 tons, owned by Lever Brothers, and from the port of Liverpool.

Germans Drop Incendiary Bombs.

London, June 8.—It was announced at the admiralty that a Zeppelin visited the east coast of England Sunday night, dropping incendiary and explosive bombs. Five persons were killed and forty were injured. Two fires were caused by the incendiary bombs.

The admiralty announced also that a Zeppelin had been blown to pieces over Belgium by British airmen.

German Envoy Again in Rome.

Rome, June 8.—Counselor Hindenberg of the German embassy, who departed from Rome with Ambassador von Buelow, unexpectedly returned yesterday. His arrival created a sensation in diplomatic circles.

LEAVE FOR TRIP.

A Home Thrust

"All sorts and conditions of men have excellent explanations for their positions in life," said the Senator. "A tramp, however, came under my observation who had no illusions about the cause of his own conditions.

"A fine-looking and fashionably dressed woman had just alighted from her limousine at the hotel entrance, and was suddenly approached by this shabbily dressed man who requested a dime.

"'No, I have no money to spare for you. I don't see why an able-bodied man like you should go about begging.'"

"'I s'pose ma'am, replied the lazy tramp, it's fer about the same reason that a healthy woman like you boards at a hotel instead of keepin' house.'"

THE BENCH.

I saw a play in the Op'ry House
In a town on the Piebelt Line.
They were "trying it on a dog," they said.
This was my seat.—

Refined Fish

Bob Davis, editor of Munsey's, was at the Hotel Cecil, in London. Glancing over the menu one morning at breakfast, he said to the waiter:

"What is a whiting?"

"A whiting, sir," said the waiter, "is a fish, sir."

"I know that," said Davis; "but what kind of a fish? How does it taste?"

The waiter pondered the matter for a moment.

"I'll tell you, sir," said he. "A whiting is like a 'addock, sir—only more refined."

Not Easily Discouraged

Mrs. Suburbs—"Do you still receive that dreadful Mrs. Comealwus at your home?"

Mrs. Tiptop—"Impossible to get her to take a hint. Do you know, when she called I never offered her a chair."

Mrs. Suburbs—"And what was the result?"

Mrs. Tiptop—"Result? Why, the next time she came she brought a folding campstool with her."

A Brilliant Class

Teacher (to class in geography)—"What is the coldest country in the world?"

Precocious Pupil—"Chile."

"Where do the mules come from?"

"Brazil."

"In what land do they make ladies' shoes?"

"Morocco."

"Where do they fry things?"

"In Greece."

"Whence comes our queensware?"

"From Queensland."

"In what country are the people most earnest?"

"Zealand."

"That'll do; the class is dismissed."

Seeing the Best Side

The medal of optimism has been awarded to a resident of an Ohio village which was flooded. The old man was found on the roof of his house watching the waters flow past. A neighbor who possessed a boat rowed across to rescue him.

"All your chickens washed away this mornin', Bill?"

"Yes, but the ducks can swim."

"Apple trees gone, too, eh?"

"Well, they said the crop would be a failure anyhow."

"I see the river reached above your windows."

That's all right, Sam. The windows needed washin'!"

Duty Has Limits

Officer—"What's the matter with that soup you're turning up your nose at?"

Private—"It's full of sand and grit, sir."

Officer—"Now look here, young man, did you come to camp to grumble or to serve your country?"

Private—"Well, I did come to serve my country, sir; but not to eat it."

The Weak Point

Winkers—"The gold cure may be a good thing in its way, but it has one insurmountable objection. It costs money."

Binkers—"The curing of any disease costs money."

Winkers—"Of course, but with inebriety it is different. A man never feels the need of a cure until his money is all gone."

It Was His Deal

A mining engineer in Yukon was one day watching a game of poker in which the stakes were heavy when he saw a player give himself four aces from the bottom of the pack. Indignant at such shameless cheating, he turned to a bystander and whispered: "Did you see that?"

"See what?"

"Why, that fellow dealt himself four aces!"

"Well, wasn't it his deal?"

The Compton graduating class and the baseball team, with H. C. Eissner superintendent of the Compton schools, were in Dixon today having grouppictures taken.

to talk about peace is an acknowledgment of defeat.

The exodus of Americans and other foreigners from Mexico City has begun, according to advices received at the state department from the Brazilian minister at the Mexican capital. A special train bound for Vera Cruz, carrying 300 men, women and children, it is reported, has left Mexico City. According to the minister's figures, those on the train include ninety Americans, forty-four Englishmen, 127 Spaniards and fifty-seven persons of other nationalities. The special train will proceed to Tysa Tisza Yuca, where there is a thirty-five mile gap in the railroad that will have to be covered by automobiles and other conveyances. The state department is advised that a train has left Vera Cruz with American Consul Shanklin and the British consul aboard to meet the refugees at the eastern end of the gap.

Boom of Big Guns.

Early in April, 1912, a man living at Hambledon, near Godalming, wrote to the Spectator, saying: "As I sat reading the other afternoon I heard, or, rather felt, a long vibrating boom several times repeated. I thought at first it was a motor van maneuvering behind the house, but found nothing there. Then I guessed what it might be and forthwith wrote to the chief gunnery officer of his majesty's ship Orion to make sure. I am therefore able to state that the discharge of the Orion's guns was distinctly audible ninety-seven statute miles from the ship, the sound taking somewhere about eleven minutes to travel the distance."

An even more remarkable instance of the immense distance at which gun fire can be heard was afforded at the time of the French victory at Steinbach. The booming of the guns was distinctly heard on the northern slopes of the Bernese Alps far down in Switzerland. The distance is just eighty miles as the crow flies, and in this case it must be remembered that the guns were not the 13.5 naval giants, but merely field artillery.—London Opinion.

Ravenous Eaters.

Gibbon tells of Soliman, a caliph in the eighth century, who died of acute indigestion in his camp near Chalcis, in Syria, just as he was about to lead an army of Arabs against Constantinople. He had emptied two baskets of eggs and figs, which he swallowed alternately, and the repast was finished with marrow and sugar. In a pilgrimage to Mecca the same caliph had eaten with impunity at a single meal seventy pomegranates, a kid, six fowls and a huge quantity of the grapes of Tayef.

Such a statement would defy belief were not others of a similar character well avouched. Louis XVI. could hardly boast of an appetite as ravenous as Soliman's, but he would eat at a sitting four platefuls of different soups, a whole pheasant, a partridge, a plateful of salad, mutton hashed with garlic, two good sized slices of ham, a dish of pastry and finish this ample repast with fruit and sweetmeats.—London Saturday Review.

Fighting a Forest Fire.

The combat with fire in the woods is usually as tense and as exciting as a conflagration in a city. From the instant smoke is discerned ascending into the blue above there is action. Upon reaching the scene the racing squads of fighters begin work by undertaking the tasks as outlined by the system. First one group starts with the cutting tools and rakes, clearing up a streak of ground several feet wide in the pathway of the fire. The men with water bags follow, wetting down this strip. Then come the back firers, who start fires from this point back into the main conflagration. When the fires meet they extinguish for want of material to burn. When the atmospheric conditions materially assist the flames the work of back firing is best done at night or when the air is stillest.—L. R. Perry in Countryside Magazine.

DRAINAGE ARGUMENTS ON IN COUNTY COURT

OBJECTORS IN AMBOY TOWNSHIP HAVE FLOOR—CASE MAY TAKE ANOTHER WEEK.

In the county court today the final arguments in the matter of annexation of additional land to the Inlet Drainage district in Amboy township are being heard. Arguments are being made by Attorneys James and Smith & Leech, who represent objectors in the west end of the district. Rebuttal testimony will be introduced by Attorneys Dixon & Dixon and Gehant for the district as to objections filed in several instances in the middle and east end of the district before final arguments are heard on several of these tracts. It is doubtful if the case can be completed this week.

DECORATING COMMITTEE.

The committee which has charge of the decoration for the big celebration to be held in this city on July 5 will meet on Thursday evening to perfect working plans.

Fifteenth Anniversary . .

Mr. and Mrs. Thomas Clayton of Chicago will celebrate their fifteenth wedding anniversary Saturday, June 12th, in this city at the home of Mrs. Clayton's parents, Mr. and Mrs. Wm. Mossholder, 322 Peoria avenue. Invitations have been issued.

Necessitarians.

The philosophic term "necessitarians" is used to denote those persons that deny the freedom of will and assert that in human conduct all volitions are determined by motives that obey the law of causation as invariably as do the forces of nature. The word "determinists" was suggested as a substitute by John Stuart Mill and has been very generally adopted.—New York American.

Appreciated.

Tubb—Old boy, I want to congratulate you on your speech at the banquet last night. O'Sudds (after waiting a moment)—I know you do, pard, and you're awfully sorry you can't do it truthfully. I appreciate the effort, just the same. Nasty weather, isn't it?—Chicago Tribune.

Fishing de Luxe.

"Come on and go fishing with me."

"Aw, fishing is too rough sport. There's mud and briers and rocks and damp boats."

"I see. Your idea of fishing is to sit in a hotel lobby and angle for goldfish in a fountain."—Louisville Courier-Journal.

Horrified.

"Oh, let me tell you the scandal about the first secretary's wife, Mrs. Leichtinger!"

"I've already been told of it by the comptroller's wife, Mrs. Zanglein."

"What! You associate with that old gossip!"—Munich Fliegende Blaetter.

GARRICK THEATRE—CHICAGO.

To the visitor in Chicago this summer there are many bright musical plays to see, and among them one stands out, namely, "All Over Town" with Chicago's favorite musical comedy star and matinee idol, Joseph Santley. This pleasing and rollicking revue is to be seen at the Garrick theatre, which has become known as the home of musical hits. Mr. Santley needs no introduction to Chicago audiences as he has for three years past been prominent in plays like A Modern Eve, When Dreams Come True, and also had a fling at vaudeville. In a way "All Over Town" can be called a musical play, made up of people who have all become identified with Chicago successes, and the cast includes such well known names as Walter Jones, Roy Atwell, Blanche Deyo, Lillian Lee, Marie Flynn, Ruth Randall, Beatrice Allen, Dorothy Young, Saranoff, the violinist and last but not least the forty dancing dimpled darlings. One of the big features of "All Over Town" is the music of Silvio Hein, who has become known as the composer of whistling hits and this is more than true of his latest song "I Can't Forget Your Eyes" now being played and whistled all over Chicago. Of course, it is needless to say that Mr. Santley dances, and he has given society folks a new one entitled "The Parisian Fox Trot" being assisted by Miss Beatrice Allen. To sum it all up anyone wishing to spend a pleasant evening should not overlook Joseph Santley, the Garrick theatre and the latest of all musical revues, "All Over Town."

PEORIA WOMAN PRAISES REMEDY

Mrs. Tilla Conard Tells Remarkable Experience After Suffering for Months.

Mrs. Tilla Conard lives at 307 Morgan Street, Peoria. She suffered from stomach trouble for months. Nothing seemed to give relief. One day she visited a sister who resides in Bloomington, and upon urgent advice consented to try one bottle of Mayr's Wonderful Remedy. This, in her own words, is the story of her experience—read it.

"For a number of months I suffered terribly with pains in my stomach; would fill with gas and belch for an hour at a time. I had pains in my side which at times I thought would kill me. I was under the doctor's care for four months, but got no relief at all. One day while in Bloomington my sister persuaded me to take a bottle of your remedy. To say the results were wonderful would be putting it mildly. After the first dose my pain left me, my appetite improved, my skin became clear again and I felt like a new woman."

Mayr's Wonderful Remedy gives permanent results for stomach, liver and intestinal ailments. Eat as much and whatever you like. No more distress after eating, pressure of gas in the stomach and around the heart. Get one bottle of your druggist now and try it on an absolute guarantee—if not satisfactory money will be returned.

LADIES! SECRET TO DARKEN GRAY HAIR

Bring back color, gloss and thickness with Grandma's recipe of Sage and Sulphur.

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant; remove every bit of dandruff, stop scalp itching and falling hair. Mixing the Sage Tea and Sulphur recipe at home though, is troublesome. An easier way is to get the ready-to-use tonic, costing about 50 cents a large bottle, at drug stores, known as "Wyeth's Sage and Sulphur Hair Remedy," thus avoiding a lot of muss.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger.

APPROPRIATION BILL MUTILATED, CHARGE

Illinois Senators Allege Unauthorized Cut Outs.

Springfield, Ill., June 8.—Numerous discrepancies in the omnibus appropriation bill, as passed by the house of representatives, promise to cause considerable trouble in the state senate and may result in the sending of the bill to a conference committee this week.

When the bill passed the house no copies were available. Members of the senate declare that they were unable to obtain copies of the bill last week, and that it will be thoroughly searched when called up in that body is evidenced.

Among other items are two that will result in hot fights in the senate, according to members of the upper body of the legislature. In the first instance it is claimed that the bill greatly reduces the appropriations for the department of the state insurance superintendent, and in the second instance it increases the funds for the office of the attorney general.

Several minor items, among them an appropriation for stenographic help in the office of the lieutenant governor, were not included in the bill, although such items had previously been agreed upon.

BIG REVENUE FRAUD IS FOUND IN SOUTH

It Embraces Distilleries Accused of Evading Taxes.

Washington, June 8.—By admission at the treasury department that search is being made by the secret service for Knox Booth, division revenue agent for Tennessee and Alabama, with headquarters at Nashville, light was let into what is declared to be a $20,000,000 revenue scandal, extending through three administrations.

Booth has been missing two weeks, his disappearance being coincident, it is said, with the arrest of John L. Caspar at Fort Smith, Ark., on a charge of conspiring to defraud the government.

Casper is head of a big distillery that is said to have evaded payment of a large part of its taxes through alleged conspiracy with revenue officers.

SUFFRAGISTS ESCAPE DEATH

Train Bearing Legislators and Women Lobbyists Leaves Tracks.

Springfield, Ill., June 8.—One hundred state officials and members of the legislature, as well as several hundred other passengers of the Alton Hummer, including Mrs. Grace Wilbur Trout, president of the Illinois Equal Suffrage association, and a committee of women lobbyists bound for Springfield narrowly escaped death at Willow Spring when the tender and two cars left the track. The ties were torn up for half a mile.

The engineer discovered that the forward truck of the tender had left the track, and applied the air brakes gradually to prevent piling the train up in a wreck. Just before the train was brought to a stop the tender and two cars following left the track just after passing over a culvert.

FRENCH MINE LAYER SUNK

Casabianca Strikes Mine in Aegan sea—Crew Picked Up.

Paris, France, June 8.—The ministry of marine has given out an official announcement reading:

"The French mine layer Casabianca has struck a mine at the entrance of a bay in the Aegan sea. The captain and another officer and sixty-four sailors were picked up by a British torpedo boat destroyer. It is possible that other survivors were able to reach the coast, where they may have been taken prisoners by the Turks."

BUYING FOR BRITISH ARMY

Purchasing Department of Canadian Pacific Railroad at Work.

Montreal, Quebec, June 8—The purchasing department of the Canadian Pacific railway is engaged in buying war supplies for the British army.

This followed the news that the road's president, Sir Thomas Shaughnessy, had been summoned to England by Earl Kitchener to arrange for taking over all such purchases in America.

Steamer Sinks Near Aberdeen.

London, June 8.—A dispatch from Aberdeen says the British steamer Star of the West has been sunk by a German submarine. A trawler brought the crew into Aberdeen.

Espy Chosen Assistant Treasurer.

Washington, June 8—President Wilson has selected Arthur Espy for assistant treasurer of the United States at Cincinnati.

ENDORSED AT HOME

SUCH PROOF AS THIS SHOULD CONVINCE ANY DIXON CITIZEN.

The public endorsement of a local citizen is the best proof that can be produced. None better, none stronger can be had. When a man comes forward and testifies to his fellow citizens, addresses his friends and neighbors, you may be sure he is thoroughly convinced or her would not do so. Telling one's experience when it is for the public good is an act of kindness that should be appreciated. The following statement given by a resident of Dixon adds one more to the many cases of Home Endorsement which are being published about Doan's Kidney Pills. Read it.

D. G. Miller, Prop. furniture store, 113 Peoria avenue, Dixon, says: "I am bothered every now and then by disordered kidneys. My back gets sore and I feel poorly. I also have dizzy spells. When one of these attacks come on, I use Doan's Kidney Pills and they promptly relieve the trouble. Anotherof my family has also used Doan's Kidney Pills with good results."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Miller had. Foster-Milburn Co., Props., Buffalo, N. Y.
